# Shorthorn Cattle Dispersion

*from*

CUMBERLAND  
STOCK FARM  
II

Sale to be Held at Farm  
Two and one-half miles south of  
MANILLA, IOWA

Wednesday, June 21, 1944

# General Information

Cumberland Stock Farm No. 2 is located 2½ miles south of Manilla, Iowa, ½ mile off a good graveled road.

Manilla is located on paved highway No. 141, connecting Sioux City and Des Moines. Also highway 71 at Templeton and highway 59 about 20 miles north of Harlan, 7 miles south of Denison. Harlan is on paved highway No. 7, about 100 miles west of Des Moines, and U. S. highway No. 30 passes through Denison.

Manilla is on the C. M. St. P. & P. main line, also the Sioux City Division. **The sale is to be held after the Hiawatha arrives from Omaha and Sioux City, about 1:30 p. m.** Those coming by rail can leave Manilla at 7:00 p. m. for both Omaha and Sioux City. Also similar service for those coming from the East. Arrive 6:30 a. m., leave 9:30 p. m. Phone 11-F-2 upon arrival and trains will be met.

## Usual Terms.

Cattle have been T. B. and Bang's tested 30 days before sale.

Send mail bids to Col. A. W. Thompson, M. T. White, J. L. Miller or Mervin Aegerter, in care of John R. Saunders and Son, Manilla, Iowa. Come if possible.

Remember the date: June 21, 1944.

Bring your friends and come early in order to have time to look over cattle before sale starts.

JOHN R. SAUNDERS & SON,  
Manilla, Iowa.

# Foreword

To the Lovers of Good Cattle:

After 47 consecutive years of Shorthorn breeding, we come to a place when, owing to the health of the senior partner, together with being like most everyone, we have a few debts we want to clean up, and as Shorthorns have been our means of making money we have decided to disperse the original Saunders herd of Shorthorn cattle. Everything in this sale is selling.

Every animal except Marshal's Masterstroke 1987058, has been bred and raised on our Cumberland Stock Farm No. 2, for several generations. No better breeding and no better working lot of cattle will be found in any herd being dispersed this year.

We built this herd on the foundation of fine heifers kept through the drought of 1934-1936. These were especially selected with the thought of a new "Cumberland Herd."

We were careful in the selection of bulls. Not having a very large herd and less money, we hired the services of several good bulls, among them Browndale Siegler 1849203, bred by F. E. Jackson of Hurley, S. Dak. Browndale Siegler left his stamp on these cattle as his get in this sale will show.

Then came Marshal's Masterstroke, liked by everyone and thought by some to be the best sire bred by Held Bros. of Hinton, Iowa. Marshal's Masterstroke sires really good cattle, as can be seen by the cattle in this sale. All cows are in calf to the service of Marshal's Masterstroke.

We liked Augusta's Masterstroke 2172492, a son of Marshal's Masterstroke, so well we have mated the two-year-old heifers to him, thus intensifying the blood of Marshal's Masterstroke and concentrating the Cumberland blood which for generations has been developed on Cumberland Stock Farms.

The cows in this sale are all good mothers and were kept at Cumberland Stock Farm No. 2 only because they were good producers and had the ability to pass this on to their offspring.

And now, after studying this catalog, you will note this offering brings you a well bred lot of cattle, and that they truly represent some of the breed's best families.

Please accept this as a personal invitation to be present sale day. This is foundation material. Cows and heifers are being sold that would not under other circumstances be priced.

Remember the date: Wednesday, June 21st.

Yours very truly,

JOHN R. SAUNDERS & SON.

**Conserve Paper — Bring This Catalog to Sale**

## Comments by Life Long Friends of the Saunders Family

This is a continuation of the original herd of C. A. Saunders & Sons, that for a quarter of a century was the greatest winning herd of cattle of that day and age. Such noted bulls as Cumberland's Last was used in this herd, and he was the most noted breeding bull of his day. He was one of the first young bulls to sell for \$5,000, and he certainly sired the most of our noted show winners. Another bull used in our herd was Cumberland's Type, a 36-time grand champion in the strongest shows in the country, and a record that has never been equaled. He was also a great sire and an undefeated grand champion. Other good bulls have since been used in this Cumberland herd of John Saunders and his son Raymond, that is now being dispersed. The original herd of C. A. Saunders & Sons was a quarter of a century ahead of the times. This herd, more than any other, was the first to breed a lower, thicker type of Shorthorns, the type we are all wanting today. In fact, there were many of the earlier breeders who seemed to think they were too thick, but time has proved they were away ahead of that day and age. Cumberland Shorthorns are stronger in demand today than they were when Charlie Saunders originally purchased that famous old bull, Cumberland 118578.

You will find a lot of cows and heifers in this sale carrying the same blood lines—Gipsy Maids, Bonnie Belles, Sweet Briers, Lavenders, Duchess of Glosters, Augustas, and other famous tribes. This firm is selling a splendid lot of cows and heifers in this sale, and some truly high class bulls. We hope to meet you boys at this sale.

Yours truly,

M. T. WHITE,

With Wallace Farmer and Homestead.

Will Johnson Says:

---

The Saunders herds at Manilla, Iowa, have been among the best in that great Shorthorn State for almost a half a century. The late Charles Saunders bred Shorthorns that, in type and early maturity, were "ahead of their time." He was one of the earliest to recognize the trend toward short legs, compact bodies and consequent early maturity. His cattle exhibited such desirable quality and character that, even though they were somewhat different from the current type of thirty or forty years ago, judges could not turn them down and they won many championships, thereby making popular the present type of Shorthorns.

Charles Saunders' sons, John R. and Charles, have carried on with this type and improved their herds throughout the years, and John's son Ray enlisted in the cause of improvement at an early age and has been one of the strongest factors in making this one of Iowa's foremost herds of Shorthorns.

The "Cumberland" type has come to be the established type among the best breeders in America, and as this herd was the first and foremost example of that type, the dispersion of the herd presents an unusual opportunity to buy Shorthorns that will perpetuate the breed's greatest assets.

The herd is to be dispersed, but I cannot believe that the Saunders name will be missing from the list of breeders of the future. I feel sure that later, when some economic adjustments have been made, that Ray Saunders again will enlist in the cause, and I predict that the herd that he will build up will add new lustre to the Saunders name.

WILL JOHNSON of The Shorthorn World.

---

When one thinks of the dispersion of the Saunders herd of Shorthorns, he is minded to look back for more years than he cares to recall to the time when Charley Saunders was the proprietor of the "Cumberland" herd of Shorthorns and to remember the prominence this herd occupied among others of the entire continent.

Down through the years, the same high quality, rich bloodlines and high individual character, that formerly prevailed, have been carried on.

A few years ago Charley retired from active cattle production and his son John took over the reins to continue the reputation already so firmly established.

Then "Ray" came into the picture to assist his father, and together they have carried on through lean years and good but now the time has arrived when operations must be curtailed.

The herd is not large but it consists of matrons that have proven their ability to produce offspring that are creditable to the history of "Cumberland Shorthorns."

The female end of the offering comprise a group of cows of good ages, many of which have calves at foot by the herd sire, Marshal's Masterstroke, a five-year-old red son of Marshal's Perfection, and a fine set of bred and open heifers by him; some of these are carrying the service of Augusta's Masterstroke that also sells. There are about a dozen bulls ranging up to 20 months of age. Several of these are of herd heading caliber and are good enough to go almost anywhere.

Buyers will find this set of beasts to be of the most useful sort. They are not going to see a group of highly fitted animals, but they will have the opportunity of contending for cattle that are ready for active, profitable service and that carry breeding and individuality of merit.

J. L. MILLER, Omaha Daily Journal-Stockman.

May 11, 1944.

John R. Saunders & Son  
Cumberland Stock Farm  
Manilla, Iowa

Dear Friends:

To the general public your forthcoming dispersion sale is a matter of genuine regret. For a full half century the Cumberland Stock Farm has been known throughout America, and some foreign countries, as the nursery of fine Shorthorn cattle. Southwest Iowa is grateful for the contribution made to its agriculture by the Saunders family.

The pioneer experience and achievements by the late C. A. Saunders have thrilled and inspired thousands of farmers. His word was as binding as his contract. Once given as a promise or a threat for assistance or punishment, time nor circumstances did not alter or modify his vow. In the declining years of his life, he often told me that the damage created by the depression of the '30s was not measured by loss in dollars to the farmers, but the irreparable loss was to the integrity of contract. He was a sturdy, unyielding, and determined man.

In the breeding of Shorthorn cattle, he, his sons, and grandsons have put their best into this one-half century of work. Who is it who does not know about "Cumberland Type" and all the great individuals of the tribe? The dispersal of this herd will mean a loss to us in Shelby County, but it will benefit many breeders of a wider area.

With all good wishes for a successful sale, I am,

Respectfully yours,

NELSON G. KRASCHEL.

(Former Governor of Iowa, and Head of Farm Credit Admin. of Omaha)
